Professional Memberships & Associated Resources

*We stay informed and engaged in order to bring YOU, our client, the best knowledge possible!
Trends, current events, cutting edge ideas, and nationwide resources ...*

Planned Giving Group of New England (PPGNE): The professional association of practitioners and allied professionals working in planned giving in New England. This membership allows us to educate our clients on the most recent gift and estate planning techniques available for philanthropically-minded investors.

Society for Organizational Learning: Promoting circles of inquiry and ripples of action for our For-Impact clients. This organization is at the bleeding edge of organizational change and learning. This membership provides our i team consultants an opportunity to challenge ourselves and learn more about organizational change and learning, which is at the heart of what we do.

CONFR: New England's "go to" organization for professional for-impact fund raising training, learning, and continuing education. Our membership in CONFR allows us to train, educate, and mentor our For-Impact colleagues, guided by the mentality that a rising tide lifts all boats!

NH Center for Nonprofits: New Hampshire's organizational resource for all things for-impact. Staying abreast of best practices and best failures is a full time job for our i team colleagues, and our membership in the NH Center for Nonprofits allows us better access to what is working and what is not working in our profession.

Association of Professional Researchers for Advancement (APRA): The premier international organization for fund raisers who specialize in research and information management. Our involvement in APRA gets us access into the deep crevices of donor research, prospect management, wealth and capacity screening, and solicitation strategy development. This is where the rubber meets the road!

The Foundation Center: The nation's broadest and deepest source of philanthropic foundation information and insight. Our Platinum membership provides our clients access to the latest information about charitable grantmaking and the institutions that make them.

Association of Fundraising Professionals (AFP Northern New England): A general training and development organization of networked for-impact fund raisers. Pressing the flesh and building relationships within our professional community affords us opportunities to build bridges within the philanthropic community that we serve.
